

MINIMUM STANDARDS

SPEED CONTROL

Users must be able to control their descent of the slope in such a way as not to endanger themselves or others and be able to stop at any point when required.

LINKED TURNS

Users must be able to link a series of turns together in accordance to the amount of space they are given and be able to use turns to control speed and stop if required.

UPLIFTS

Poma Lifts and Button Lifts are used in this centre. Users must be able to use the lifts safely and in a controlled manner.

Users on the slope who do not meet the minimum standards will be asked to leave the slope without a refund and will be recommended to have a lesson.

**Thank you for your co-operation.
Have a good time.**
